## JUDGMENT

Entered: June 14, 2018

With their most recent joint status report, the parties recommend that the court summarily dispose of this appeal in light of the Supreme Court's recent ruling in Epic Sys. Corp. v. Lewis, No. 16-285, 2018 WL 2292444, at \*1 (U.S. May 21, 2018). The previously entered stay is lifted, and the district court's ruling on the motion to compel arbitration is **VACATED**. The case is **REMANDED** so that the district court may reconsider the motion to compel arbitration consistent with Epic Systems and this judgment.
